

Triumph TR8
Comm#: TPVDV8AT211504
Plate: TR8

1980 model year sold new in Feb 1981 to original owner New York and moved shortly afterwards to San Diego. Imported to NZ in March 2004.

This car is in its original LHD state as built with power steering etc. Air con components have been removed but are included. Since arriving in NZ all rear suspension bushes, both front shock absorbers and bump stops, front sway bay mount bushes, boot & door seals, boot floor "carpet" and other rubber components have been replaced. Exhaust system has been extensively rebuilt and/or replaced to stop it rattling against the rear axle etc.

The TR8 is in a very tidy quite original state and comes with a wide range of spare parts including:

- 1 Rear axle assy less brakes 3.05:1 ratio (TR8 spec)
- 1 Rear axle assy less brakes 3.45:1 ration (TR7 5 speed spec)
- 4 original "Anniversary" alloy wheels (1 damaged but repairable)
The spare wheel (mint condition) is the 5th of these original wheels
- Complete roll bar (was on car when imported but since removed)
- 1 set bushes front sway bar to vertical link (New)
- 1 set replacement rear number plate lamps
- 1 set Front sub-frame mount bushes (rubber)
- Assorted radiator hoses & clamps
- A list of all parts (about 100 items) overleaf.
